

Reindeer Pop-Up Card

[Back to Christmas Cards](#)

Project

Spread holiday cheer with this one-of-a-kind holiday card from pop-up book artists [Robert Sabuda](#) and [Matthew Reinhart](#).

Materials

- [Template one](#)
- [Template two](#)
- [Template three](#)
- Brown medium-weight paper, for legs
- Silver or bone-colored medium-weight paper, for antlers
- Colored medium-weight paper, for ornaments
- Knitting needle or bone folder
- Utility knife
- Card
- White glue
- Silver thread
- Mini hole-punch
- 5-by-7-inch envelope

Steps

1. Step 1

Download templates for the reindeer's antlers, head/body and the pop-up card base. Print out a brown head and two legs, silver or bone-colored antlers, and ball ornaments on any color of medium-weight paper. Use a knitting needle or bone folder to score the dotted lines of the head and body.

2. Step 2

Cut out head, legs, antlers, and ornaments with utility knife. Fold head, antlers, and body along score lines. Score card down middle where fold will be.

3. Step 3

Glue down the tabs of the antlers with white glue to the shaded area on card that says antlers. Glue down head tab to create 3-D head. Next, glue down head, body, and legs.

Glue together two small circles with a piece of silver thread sandwiched in between to make a mini ornament. Make a hole with a mini hole-punch on antlers; tie on ornament. Embellish reindeer as desired. Place in 5-by-7-inch envelope.
